

USDA-Farm Service Agency (FSA) Conservation and Price Support Highlights

WMF 2/10/2022

Current CRP Enrollment

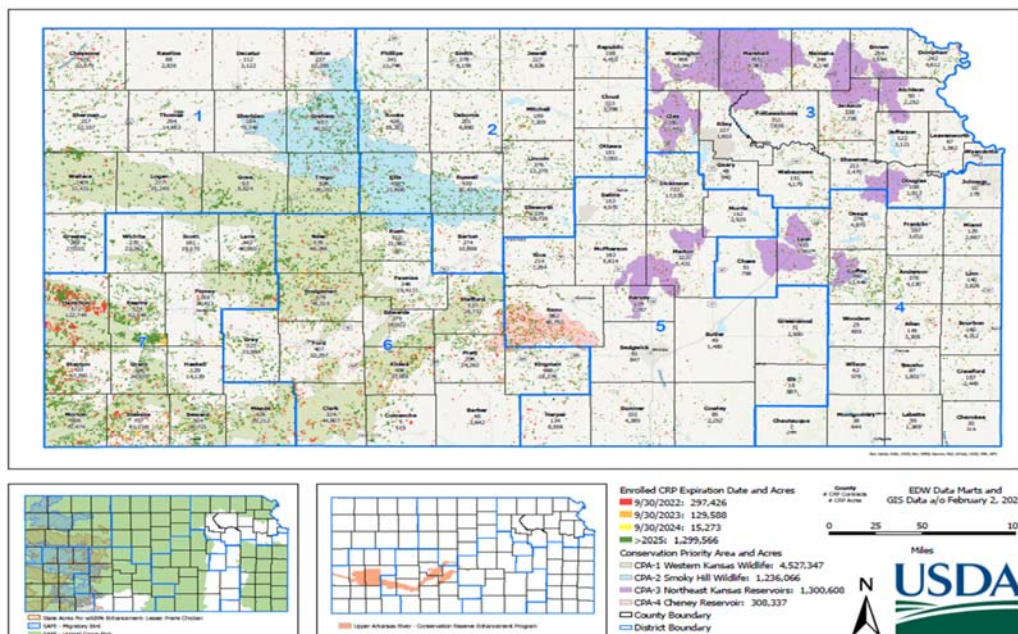

- Natl Enrollment – 22,135,201 acres
- KS Enrollment – 1,751,255 acres
- National Enrollment Caps:
 2022 – 25.5 million acres
 2023 – 27 million acres

TYPE	KS Enrolled Acreage	KS Contracts
General	1,257,366	16,054
Continuous	307,635	12,146
KS CREP	23,430	130
Farmable Wetland Program	1,664	91

Kansas CRP Expirations by Year

Expiration Year	KS Expiring Acreage
• 9/30/2022	293,376
• 9/30/2023	130,369
• 9/30/2024	15,292
• 9/30/2025	176,337

2022 Kansas Conservation Reserve Program

Conservation Reserve Program (CRP)

- General CRP Signup – January 31 through March 11, 2022
- Continuous CRP Signup – Ongoing
- Grassland CRP – April 4 through May 13, 2022
- Transition Incentives Program (TIP) – 2 years before scheduled date of CRP expiration

Conservation Reserve Program (CRP)

General CRP Signup – January 31 through March 11, 2022

1. Opportunity to enroll under yearly signup periods
2. CRP offers are ranked using an Environmental Benefits Index (EBI)
3. After the end of Signup all completed offers are submitted to the National office for determination of acceptance
4. Contract duration is 10-15 years, determined by practice
5. Producers are paid yearly rental payments and provided cost share assistance to establish the practice

Conservation Reserve Program (CRP)

Continuous CRP Signup (CCRP) – Ongoing

1. Opportunity to enroll at anytime during the year
2. Only certain practices are allowed under CCRP, such as: windbreaks, shelterbelts, waterways, contour grass strips, filter strips, & wetland restoration
3. Contract duration is 10-15 years, determined by practice
4. Producers are paid yearly rental payments and provided cost share assistance to establish the practice

Conservation Reserve Program (CRP)

Grassland CRP – April 4 through May 13, 2022

1. Provides protection for grassland, including rangeland, & pastureland while conducting common grazing practices and operationsland under the greatest threat of conversion
2. NRCS will work with producers to develop a conservation plan for grazing the acreage and maintain the existing permanent cover
3. Cost share is available if fencing or livestock watering facilities are needed to facilitate grazing distribution
4. Contract duration is 10 or 15 years as determined by producer
5. Offers will be evaluated after close of signup

Conservation Reserve Program (CRP)

Transition Incentives Program (TIP) – 2 years before scheduled date of CRP expiration

1. Assists with the transition of expiring CRP land from an owner or operator to a beginning, veteran, or socially disadvantaged farmer or rancher to return land to production
2. The CRP TIP contract begins Oct. 1 (the day after scheduled expiration date) and ends 2 years following CRP-1 expiration date of September 30
3. Owner/Operator with approved CRP-TIP contract may receive 2 additional years after CRP-1 expires provided all rules are met

Marketing Assistance Loans (MALs) and Loan Deficiency Payments (LDPs)

WMF 2/10/2022

Marketing Assistance Loans (MALs)

- Provide interim financing at harvest time to help producers meet cash flow needs
- Allows delay of selling the commodities when market prices are low
- 9-month loan
- Low interest rate (February 2022 - 1.375%)
- Must meet eligibility requirements and maintain beneficial interest (title and control of the commodity)
- Repay anytime during loan period or at loan maturity
- Repay at loan rate plus interest or use of an alternative repayment rate as determined by Commodity Credit Corporation (posted county price) based on market price

Marketing Assistance Loans (MALs), continued

Loans are available from harvest to:

- January 31, the following year for Peanuts, Wool, Mohair
- March 31, the following year for Barley, Canola, Crambe, Flaxseed, Honey, Oats, Rapeseed, Seed Cotton, Sesame Seed, and Wheat
- May 31, the following year for Corn, Cotton (bales), Dry Peas, Grain Sorghum, Lentils, Mustard Seed, Long Grain Rice, Medium Grain Rice, Safflower, Small Chickpeas, Large Chickpeas, Cotton, Soybeans, and Sunflower Seed

Marketing Assistance Loans (MALs), continued

Loan Rates by County can be found at:

www.fsa.usda.gov

- Programs & Services
 - Price Support
 - Commodity Loan Rates
 - Loan Rates
-
- Example: 2021 National Loan Rates: Wheat - \$3.38 bu/ Corn - \$2.20 bu/
grain sorghum - \$2.20 bu/ Soybeans - \$6.20 bu

Dairy Margin Coverage Program (DMC)

WMF 2/10/2022

Dairy Margin Coverage Program (DMC)

Provides risk management coverage that will pay dairy operations when the difference between the national price of milk and the average cost of feed falls below a certain level selected by the program participants

- Each producer in the dairy operation must share in the risk of producing milk and make contributions
- Must have production history (highest milk production for 2011, 2012, & 2013)
 - *new dairies have other options
- Must register to participate (contact your local service center)
- Pay a \$100 administrative fee annually
- Select coverage level and pay premium
